The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

RAYMOND JAMES FUNDS – SMICROCAPS - CLASS D USD HEDGED

(ISIN: LU2022049378) SMicrocaps (the 'Fund') is a Sub-Fund of Raymond James Funds (the 'Company').
Gay-Lussac Gestion is the Management Company (the 'Management Company') to the Fund.

OBJECTIVES AND INVESTMENT POLICY

- The objective of the Fund is to take advantage of the development of small and medium-sized businesses (SMBs) in the euro zone, while seeking to reduce the risk of high fluctuations in the portfolio.
- At least 75% of the Fund is directly invested in equities of listed companies having their headquarters in a Member State of the European Union and is therefore eligible to the French Plan d'Epargne Actions (PEA).
- The remaining portion of the assets may be invested in equities of listed companies from other countries, bonds or other debt securities from a member state in the Euro zone, or in units of other collective investment schemes.
- The Fund may not use financial derivative instruments (instruments whose prices are dependent on one or more underlying assets).

The Fund is actively managed.

Fund Currency : EUR

Share Class Currency : USD

You may buy or sell shares of the fund every business day in Luxembourg.

This fund issues both accumulation shares (shares for which any income earned is added up to the share price) as well as distribution shares (shares that distribute dividends).

Investor profile This Fund is intended for investors who understand the risks related to markets and shares, and who wish to invest for a minimum of 5 years.

RISK AND REWARD PROFILE

- The lowest category does not mean a risk free investment.
- The risk and reward profile may change over time.
- Historical data used to calculate this indicator may not be a reliable indication for the future.
- The Fund is in category 5, since the share price has a high volatility therefore the risk of loss as well as the expected reward can be high.

The following risks may not be fully captured by the risk and reward indicator:

- **Investment Risk:** There are risks inherent in the holding of securities. There is no assurance that any appreciation in the value of investments made by the Fund will occur, or that the investment objectives of the Fund will be achieved. Past performance is no guide to the future. An investment should only be made by those persons who are able to sustain a loss on their investment.
- **Risk of Capital Loss:** The Fund has no guarantee or protection and the capital originally invested may not be returned. Capital loss occurs when a share is sold for less than its purchase value.
- **Currency Risk:** This is the risk of currency fluctuations relative to the reference currency of the portfolio. Changes in the exchange rate may affect the value of equities and dividends. Any change in the exchange rate of any currency may adversely affect the net asset value.

CHARGES

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distribution. These charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures. In some cases you might pay less. Please refer to your financial advisor or the distributor for the actual charges.

As the Fund has not had a full year of performance, the ongoing charges figure is an estimated figure.

This figure may vary from year to year. It excludes:

- Portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling units in another Fund.

For more information on charges, please see the 'Fees and Expenses' section of the Prospectus.

One-off charges taken before or after you invest
